Camps

Cub and Scout camps combine a variety of activities. The youth all sleep in tents. The Cubs help with the cooking and a few other tasks. The Scouts perform nearly all the tasks at camp, with the older Scouts teaching the younger ones.

Our past few camps have included activities such as: Fire lighting, flint & steel, aerial runway (zip line), orienteering, assault course, archery, sling shots, pellet gun shooting, canoeing, ropes courses, trail signs, and a water gun battle.
